**Ultrapure hyaluronic acid with low, medium, and high molecular weight for a bio-revitalizing and bio-restructuring treatment that regenerates tissues and enhances skin metabolic processes.**

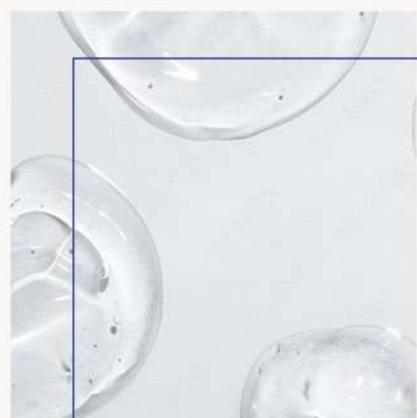

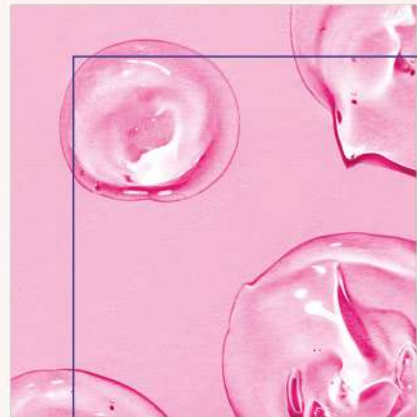

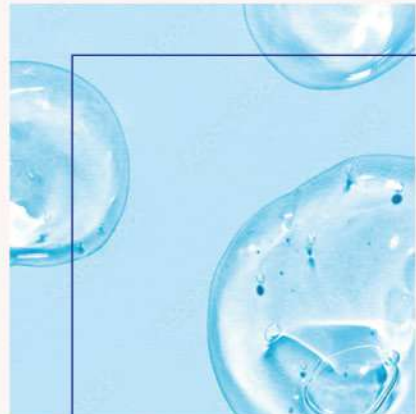

---

Neovelle dermal fillers are formulated with pure hyaluronic acid, available in 4 specific variants, for targeted results across different areas of the face.

They are designed to restore skin volume while preserving natural contours.

Neovelle Hydro Boost works through biostimulation and deep hydration, significantly improving the skin overall appearance over time.

The skin is visibly fresher, firmer and more radiant. Dull skin appears naturally rejuvenated and radiant.
